EDUCATION

2022 - 2026

ANANT NATIONAL
UNIVERSITY

- Bachelor Of Design

SKILLS

- Blender
- Solidworks
- Photoshop
- Premiere Pro
- Illustrator
- Modeling
- Prototyping
- Sketching
- User Research
- Figma
- Design Thinking
- Photography

LANGUAGES

- English
- Tamil
- Telugu (Conversant)

WHAT DRIVES ME

Motivated Product Design student with a passion for understanding user needs and translating them into intuitive, user-friendly designs. Proficient in industrial design principles and related software, and eager to learn from industry design practitioners while contributing to real-time design projects

PROJECTS

- **Sense (Gas Sensor Using ESP32)** Semester 6 Project
 - Developed an **intelligent ESP32 system** ('SENSE') to monitor environmental conditions, providing users with **real-time data** and alerts. Designed and integrated multiple sensors and a user-friendly interface to enhance awareness and safety in specific environments
- **Lightweight Foldable Hairdryer** Semester 5 Project
 - Designed a **high-performance, lightweight hairdryer** with customizable attachments, addressing diverse consumer needs through user-centric features, comprehensive engineering documentation, and realistic product renderings
- **Other Works**
 - Executed advanced 3D modeling and rendering projects in **Blender**
 - Headphones, Shoes, Vehicles
 - Executed 3D Modeling in **Solidworks**
